How They Stand.
Of the remaining fourteen members of the committee seven are for it and eight opposed to it. The members favorable are: Senators Penrose of Pennsylvania and Lodge of Massachusetts, Republicans; and Senators Stone of Missouri, Williams of Mississippi, Kern of Indiana, and Johnson of Maine, Democrats.
Those opposed to it are: Senator McCumber of North Dakota, Fernald of Utah, Gallinger of New Hampshire, Clark of Wyoming, Kern of Ohio and La Follette of Wisconsin, Republicans; and Senators Bailey of Texas and Simmons of North Carolina, Democrats.
The chief danger for the bill lies in the apathy of its Senate sponsors. All the men who are for it are but

Recall Denounced.
The resolution passed in the form proposed by the Democratic majority of the Committee on Territories. Efforts were made by the Republicans to force Arizona to vote out of its Constitution the recall of judges, and to give the immediate and unqualified approval to the New Mexican Constitution. Both provisions were rejected simply and later, when Mr. Mann embodied them in a motion to recommend the measure, they were voted down.
The Democrats said the proposal to force Arizona to reject the recall was an effort to keep that State out of the Union. Nevertheless, leading Democratic orators bitterly denounced the recall of judges and the afternoon's debate while Republican insurgents refused to join Minority Leader Mann in the proposal to force Arizona to give it up.

Littleton's Speech.
Representative Martin W. Littleton of New York made a strong attack in the afternoon not only on the recall, but on the initiative and referendum. In urging the immediate approval of the New Mexican Constitution, Representative Mann said the House had passed a resolution approving that Constitution before the close of the session, and that the Republicans were prepared now to act again for the immediate approval of the document and for the immediate admission of the State.
The House adjourned to meet again Friday.

Laughlin Was Assisting Her as a partial hostess at the White House.
When Mr. Laughlin returned to Pittsburgh, Mrs. Laughlin was not there to greet him, and the best information is that she did not arrive in the city until after her husband's death, having been notified in Washington that he had died suddenly.
The Laughs, who are the big independent steel people of Pittsburgh, made strenuous efforts to keep the suicide quiet, and did manage to make it appear as if it had been a natural death for nearly twenty-four hours, or until after Mrs. Laughlin had arrived in this city.
Both before her husband's death and later, Maj. Butt and Mrs. Laughlin were found much in each other's company. She is of an athletic turn of mind, being a splendid tennis player, and enjoying all kinds of outdoor sports. Maj. Butt also likes outdoor sports.
It was also noticed that when Maj. Butt accompanied President Taft to Pittsburgh to attend the funeral of Thomas K. Laughlin, he was the chief mourner. Mrs. Laughlin, taking her for a stroll in the grounds surrounding the palatial Laughlin residence, in the company of Maj. Butt, was the first time she had left the house of mourning.
Mrs. Laughlin, who is the daughter of John H. H. Laughlin, has two beautiful children, and one of the best of local society is to ask the question: "Will Archie make a nice papa?"

OFFICIAL OPTIMISM.
Navarro is reported, however, to have said that he would not consent to peace at this time, while the motive for the cutting of the Mexican Railroad may be found in the fact that a troop train carrying soldiers was being brought towards the capital. Unconfirmed reports are that these delayed soldiers have detained at Huamantla and engaged a body of rebels in battle.
At the Foreign Office and in other government circles, almost every one expresses optimism, believing the peace agreement, though difficult, is near. Unofficial optimism is not so apparent. Within the last seven days the Federal garrison has been greatly strengthened and the capture of the rebel stronghold of Cuernavaca, the capital of the rebel state, is a matter of time. It is reported also that Figueroa and his chief lieutenant, Asunolo, are not in thorough accord, and that Asunolo has incurred the enmity of Zapata, the captain of Cuernavaca, whom he has branded as a bandit.
TO RESIGN TODAY.
It is not impossible that the forces of these two may yet come in conflict. Such discussion has the effect of minimizing the danger to the capital but increases the danger of anarchy in the south.
Unless there is a hitch in the plans, Gen. Diaz will present his resignation to the Chamber of Deputies tomorrow afternoon. He is expected to go to the chamber personally. Accompanying him will be the famous Presidential guards, and his visit will be attended by all ceremonial ordinarily observed. Vice-President Corral's resignation is said to have been received.
Just prior to the resignation of the President, it is expected all members of the present Cabinet, with the exception of Minister of Foreign Relations De la Barra, will resign. Their letters of resignation will be delivered to Minister De la Barra for transmission to the President.
TO VISIT FRANCE.
When Diaz will leave Mexico is not generally known, but it is certain not many days will elapse after his resignation. With him will go his entire family, including his son, Porfirio Diaz Jr. It has been thought that the resignation of Diaz would be on an ordinary steamer, but today the French legation, acting upon request of the French colony, asked its government to place a cruiser at the general's disposal. Almost coincident with the resignation of President Diaz, it is expected, will be the resignations of many army officials and Federal authorities, who prefer to retire, instead of awaiting possible elimination by the Madero government.
Among those known to have presented their resignations is Gen. Samuel Garcia Cuellar, the officer who commanded the Federals at the battle of Casas Grandes. Another

Canadian Premier Handles the Annexation Question Without Gloves at the Pilgrims' Society Dinner. President Taft Comes in for Praise for the Arbitration Treaty Proposal.

Longest Report.
The longest report, extending from ocean to ocean, living in peace and mutual respect, without a soldier or a gun on either side of that boundary.
The dinner was in contrast to the one held at a former imperialistic conference, because that was of pure British imperialism tone, while Anglo-American relations were almost the sole topic tonight.
Lord Roberts presided and welcomed the premier, Sir Edward Grey, the foreign secretary, proposed "Anglo-American Arbitration Treaty," speaking along the line of his former utterances on this subject. He expressed pleasure at the arrival of the draft of the treaty from Washington. He announced he would enter the domain of practical politics and sincerely hoped the treaty would be completed.
Defining the Monroe doctrine, as meaning that no European nation should acquire more territory on the American continent, he added, "Our policy is in full accord with that doctrine."
EXPRESSING GRATIFICATION.
The American Consul General, John L. Griffiths, responded. He said it was a matter of gratification to the American people when President Taft struck the highest moral note

BABE KILLED BY ARCHBOLD'S CAR.
ACCIDENT OF YEARS AGO JUST BECOMES PUBLIC.
Standard Oil Vice-President on Stand to Testify in Damage Suit for Running Down and Fatally Injuring Seven-Year-Old Girl in Summer of 1908.
[BY DIRECT WIRE TO THE TIMES.] NEW BEDFORD (Mass.) May 23.—[Exclusive Dispatch.] The fact that John P. Archbold, vice-president of the Standard Oil Company, killed a little child while he was driving his motor, became public today, although the accident happened nearly three years ago—to be exact, on July 23, 1908.
The child was seven-year-old Guilhelme de Melio, daughter of William de Melio of this city, whose damaged suit against Archbold forced the Standard Oil magnate to appear on the witness stand today, fighting the

La Follette Urges Another Lorimer Inquiry.

Declares Country Has Right to Learn Truth.

Illinois Senator Under Fire in Senate Again.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, May 23.—The Lorimer case again was to the fore in the Senate today. A resolution of inquiry offered by Senator Martin, the Democratic leader, intended as a substitute for the La Follette and Dillingham resolutions, and a continuation of the speech by Senator La Follette, furnished the features.

Mr. La Follette was still speaking when the Senate adjourned. He gave notice that he would continue his remarks tomorrow, when he hoped to conclude his plea for an investigation of the bribery charges.

Mr. La Follette reviewed the recent proceedings of the Illinois Legislature. He said he was convinced there was still more testimony to be added.

"The people of the country," said he, "rejected our former verdict as it was by one voice. Nothing ever is settled until it is settled right; it is God's eternal justice pulling to make things plumb."

Mr. La Follette held aloft a huge collection of newspaper clippings condemning the senate's decision in the case, contending that the Senate, as well as other tribunals, should exercise the privilege of reviewing its own proceedings, and read from the transcript of the Illinois Legislature's record in the Lorimer case.

WANTS HISTORIC PORTSMOUTH AT SAN FRANCISCO.

Gallant Old Vessel, Inseparably Woven With California Weal to Be Used as a Naval Relic.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, May 23.—[Exclusive Dispatch.] Senator Perkins has been notified that his principal candidate for midshipman passed the mental examination for the Naval Academy April 18 and his physical examination May 11. He is Alexander Graham Hatch, son of the former Minister to the Hawaiian Islands and grandson of Alexander G. Hatch of San Francisco, a soldier in the Civil War and well-known member of the Bohemian Club.

ANXIOUS TO UNLOAD. WOULD GIVE UP PHILIPPINES. (ASSOCIATED PRESS DAY REPORT.) WASHINGTON, May 23.—Members of the House are loading the Committee on Foreign Relations with resolutions providing for the ultimate independence of the Philippine Islands. While no action by Congress is expected at this session, a determined effort will be made in the regular session to secure the independence of the islands.

STANDS FOR RECALL OF JUDGES. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON, D. C., May 23.—[Exclusive Dispatch.] Congressman Stephens made a hit this afternoon when, in the course of a speech on Statehood advocates and recall he told a Chinese story. The stenographers were dumfounded, and representatives made humorous comments. Stephens said the reforms have worked well in the government.

Senator Perkins does not hold the same view of the subject as the Navy Department. He holds that "a vessel of the historic interest of the Department should be devoted to other uses than that suggested, and that the money it is proposed to spend for re-

pairs will enable the nation to preserve and maintain this noble vessel of the old navy as a reminder of the freedom and influence once held upon the sea, and as a visible incentive to all who fight under the flag to do their duty."

The Portsmouth, second of the name, was built at the Portsmouth navy yard in 1842, and her keel was laid in 1844-45, was in the Pacific under the command of Commander J. B. Montgomery, as a member of Commodore Sloat's squadron. She took a prominent part in the war with Mexico and on July 7, 1846, landed marines and seamen to protect the American consul and citizens at San Francisco, then called Yerba Buena.

War being declared, Commodore Sloat landed a party July 9 and raised the United States flag in front of the customhouse. The next year she captured Mexican vessels and therefor her record is a gallant one. From 1851 to 1854 she was again a part of the Pacific squadron. From 1872 to 1874 she was again in the Pacific squadron and in the latter year was a training ship for boys at San Francisco.

Among the suggestions made is one from New York that the Portsmouth be the first ship to go through the Panama Canal. The New York Sun suggests that she be sent around the Horn.

The history of the San Francisco is inseparably linked with the Portsmouth and the coast is being backed up by this whole country in its demand that the gallant old ship be not consigned to the scrap heap, but be preserved as a relic of historical importance.

HAS DAUGHTER AS CLERK. SAYS SHE EARNED HER PAY. (ASSOCIATED PRESS DAY REPORT.) WASHINGTON, May 23.—Representative William B. Wilson of Pennsylvania, chairman of the Committee on Labor, today made a personal statement in the House denying a newspaper statement which stated that John Kirby, Jr., president of the American Manufacturers' Association, was charging that Mr. Wilson's two daughters and his wife were on the government roll as secretary, clerk and mistress of the committee of which Mr. Wilson is chairman.

Mr. Wilson said one of his daughters was clerk of the Labor Committee, and well qualified to be, but that no other member of his family had any connection with the committee.

holders of the Oceola Mining Company. The answer filed by the defendant of majority interests of the mines set forth that the proposed merger is not in violation of State laws, that it has been approved by a majority of the stockholders and that it is based on a fair and equitable appraisal of the property. A suit to prevent the merger is also pending in the Federal court at Detroit.

PURCHASE MEN COMBINE. (ASSOCIATED PRESS DAY REPORT.) CHICAGO, May 23.—A merger of nine of the large furniture manufacturing concerns of the country has been effected, according to an announcement made yesterday. A. W. Williamson of Cincinnati will be president of the new company which is capitalized at \$9,000,000. It is said arrangements to form the merger had been completed before the handing down of the Standard Oil decision a week ago and the promoters were only waiting for the Supreme Court ruling before announcing their plans. The new concern, which will have headquarters in Chicago, includes companies in Milwaukee, St. Louis, Detroit, Elmira, Ohio, Cleveland, Cincinnati and Utica, N. Y.

ANOTHER BANKER JAILLED. (ASSOCIATED PRESS DAY REPORT.) LEAVENWORTH (Kan.) May 23.—E. H. Steinman of Mount Pleasant, Pa., formerly vice-president of the Farmers' and Drovers' Bank of the city, arrived at the Federal prison here today to join the "bankers' colony" on a five-year sentence. Steinman was convicted on charges of making excessive loans on insufficient security.

GROCCERS IN SESSION. (ASSOCIATED PRESS DAY REPORT.) INDIANAPOLIS (Ind.) May 23.—The National Wholesale Grocers' Association began a three days' session here today and arrangements have been made by local committees for 3000 delegates and visitors. Mrs. R. L. Craig of Los Angeles, Cal., the only woman member of the association, will attend the convention.

SCIENCE CHURCH LOSES BRANCHES.

TWO CUT LOOSE FROM MOTHER ORDER IN BOSTON.

One at Minneapolis and One at Duluth Forsake the Organization Founded by Mrs. Mary Baker G. Eddy Because of Teachings of Abbott Smith, Student of Eddy.

(ASSOCIATED PRESS NIGHT REPORT.) MINNEAPOLIS, May 23.—A. E. Smith, C.S.D., of the Fourth Church of Christ, Scientist, here today, gave the Associated Press a copy of a resolution adopted at a meeting of the church members, at which, by a vote of ninety-three to three, the members decided to withdraw from the mother church at Boston. The resolution adopted was a resolution that "since the death of Mrs. Eddy, the Christian Science Board of Directors has absolute power to control the teaching," and that the board, which is composed of the members of the church, has decided to withdraw from the mother church at Boston. The resolution also stated that the members of the church at Minneapolis and Duluth have decided to withdraw from the mother church at Boston.

ANOTHER CHURCH SECEDES. (ASSOCIATED PRESS NIGHT REPORT.) DULUTH (Minn.) May 23.—The Second Church of Christ, Scientist, of Duluth, yesterday adopted a resolution, with but one dissenting vote, seceding from the mother church. The Second Church of Christ, Scientist, of Duluth, has a membership of probably fifty. The First Church has not seceded, and until today was ignorant of the action taken by the smaller body.

ACCUSED IS ACCUSED. Crown's Witness in Camorra Trial Charged With Cuccolo's Murders. Session Breaks up in Row.

(ASSOCIATED PRESS NIGHT REPORT.) VITERBO (Italy) May 23.—The interrogation of Gaetano Amedeo, who is one of the crown's witnesses, but who is alleged by Giacomo Acciari to have been a member of the camorra, broke up today's session of the court. Amedeo was charged with the murder of Cuccolo, who was a member of the camorra. Amedeo was charged with the murder of Cuccolo, who was a member of the camorra.

A comparison of the neckties acquired by the police at the home of Amedeo with that found on the bed of Cuccolo's wife, seemed to prove that they were the same. Lawyers for the defense then recalled that a pair of eye glasses had been found beside Cuccolo's body and permission was granted by the court to compare Amedeo's eye glasses with those found near the murdered man.

A wordy war between the lawyers followed, and halted the session.

PUBLIC IS SLIGHTED. Fire Hundred Select See Dedication of New York Library—Fifteen Hundred Invited to Closed Doors.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, May 23.—The public, to whom the New York public library, was dedicated today, will enter into possession of it tomorrow, for they saw little of comfort or excitement. Behind closed doors, to a selected audience of 500, President Taft, Gov. Dix, Mayor Gaynor and the venerable John Bigelow presided over the dedication. The doors were closed to the public, and the ceremony was a private affair.

The exercise was opened by the Right Rev. David H. McQuinn, bishop of New York, who made the dedicatory prayer. Mayor Gaynor spoke in behalf of the city and Archbishop Farley of New York pronounced the benediction. President Taft was the last speaker, following Gov. Dix.

"ALL DEVILS EXCEPT TWO." That is How John, Tenor, Sums up Womanizing—Wife and Mother Exceptions Which Prove Rule.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, May 23.—[Exclusive Dispatch.] Karl John, the famous German tenor, who has been under contract with the Metropolitan Opera house for the last two seasons, and who a year ago relinquished his wife to a Berlin dentist, today with his last adventure, he was frank concerning the friendly arrangement with his first wife, by which he released her from the identity of his second wife or under what circumstances the romance developed.

John was smiling when found by reporters this morning, and refused to discuss his affairs. He made only one remark, and that was: "All devils except one's wife and one's mother."

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby coming. Unless the mother aspires to nature in its pre-natal work she finds her system unequal to the demands made upon it, and she is handicapped. No remedy is so truly helpful to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents inflammation of breasts, glands. The system being thus prepared by Mother's Friend dispels the fear that the child may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. L. E. Hughes, Prop.

NOW WISHES HE HAD SENT IT.

Nephew Refuses to Forfeit Money to Bury Uncle and Learns He Left Fortune.
SAN BERNARDINO, May 23.—Alex R. Urquhart of Ponce, Mont., wired Undertaker Mark B. Shaw, curtly refusing to contribute to the burial of his uncle, R. E. McDonald, a wealthy miner, who died here Sunday, after a lingering illness at the County Hospital, the aged man has left an estate valued at \$100,000.
The refusal was based upon the statement that the old man owed the nephew \$2000, which the nephew had sunk in the mining ventures of the deceased. From letters found among the dead man's effects, it is apparent that a number of relatives contributed money to aid in the development of his mining ventures, and had finally become disheartened and suspicious of the wisdom of their investments.
H. L. Lee, McDonald's mining partner, arrived from the desert today, and states that the old man's interests in certain paying mining properties are valued at \$100,000.

MIRACULOUSLY EVADE DEATH.

Family in Auto Struck by Train and Though Machine Was Wrecked Family Escapes.
REDLANDS, May 23.—Mr. and Mrs. George W. Neuls and daughter, Miss Marion Neuls, of this city, had a miraculous escape from death last night when their automobile was wrecked by collision with a freight train in Colton.
The Neuls were returning from Riverside and as they crossed the tracks in Colton Mr. Neuls failed to notice a freight train doing some switching. The machine had almost cleared the track when the engine bore down on the auto. Mr. Neuls told the woman to jump but it was too late and they kept to the machine, which although almost demolished, was not overturned and the occupants escaped with a few bruises and badly shattered nerves. Mr. Neuls also received some cuts on the face by broken glass. The car was an almost new Apperson Jackrabbit.
REDLANDS NOTES.
Dr. D. Postland died here Thursday, May 18. He was born in Kingston, Canada, in 1821, and was a former resident of Prescott, Ariz., where he practiced dentistry for a number of years before moving to Southern California.
An attempt to burglarize the home of P. F. Emli on Sycamore avenue was frustrated last night by two 16-year-old boys who were sleeping in the room which the would-be burglar tried to enter. As he flashed his lantern around the boys ran to their father and before the police could be summoned the culprit had vanished.
The final meeting of the Women's Contemporary Club was held yesterday afternoon at which time the address of the afternoon, on "Dramatic Moments in Our Navy," was delivered by Mrs. Emma Greenleaf of Long Beach. Estelle Shepard, Jane Shepard, Taltavall and G. C. Shepard presided over the club of the 200 members of the club held by the time of her death. This money will be used for prizes for essays on the subject by high school students, the prize to be known as the Harriet A. Shepard prize.

CHILD DIES AT SAN ANTONIO.

Result of an Oblique Fracture of the Skull.
SAN ANTONIO, Tex., May 23.—Theodore, a 2-year-old son of Mr. Frank, living near here, died here yesterday afternoon following an oblique fracture of the skull. The child had been hit by a car and the fracture was fatal. The child was brought to the hospital and the fracture was discovered. The child died after a few days of suffering.

NEW SITE IS AUTHORIZED.

Fullerton Voters By Two-Thirds Authorize the Selection of Better Grounds.
FULLERTON, May 23.—Official returns of the school election here show that the proposition for a new site for the plant of the Fullerton Union High School District carried by more than a two-thirds majority. The vote was 239 for a new site to 126 against, being 21 votes more than the necessary two-thirds. The election was a spirited one.
Unless the Board of Trustees can agree unanimously on a site the board will have to submit the several sites offered to the voters. Following this there will be another election to vote \$50,000 of bonds, the previous bond election having been declared illegal. Some of the most bitter opponents of changing the site are talking of getting the injunction to further delay the matter, but it is generally believed that they will submit to the will of the majority. Meanwhile to provide accommodations till the new school buildings are erected the Board of Directors will build temporary frame structures to house the students next winter.

BRITISH BIRD CAUSES ALARM.

SANTA BARBARA PEOPLE FEAR SPARROW'S ADVENT.
Improved Direct Highway Between Bakersfield and Santa Barbara Now Reported Assured—Will Be Valuable as Commercial Waterway for the Line.
SANTA BARBARA, May 23.—An improved highway connecting Bakersfield with Santa Barbara, the realization of which has been looked forward to with keen interest for many years is now said to be assured. It is to be constructed by the Santa Barbara and Bakersfield Municipal Bodies of both Bakersfield and Santa Barbara, having been approved by the Santa Barbara Board of Supervisors. The company has planned to build a pipe line from Bakersfield to Carpinteria, which is to be a tide-water terminus of a concern that will handle a large proportion of the Kern county oil output. In addition to this, the company would have the highway built and it is said will invest a portion of the \$2,000,000 capital set aside for the pipe line improvement in the proposed road.
The Guarantee Pipe Line Company is well financed, already having floated \$1,500,000 worth of bonds. New York and additional block of \$500,000 now being on the market. Santa Barbara is interested because of the system of water rights of Ventura county and it will be necessary for the Supervisors of Kern, Ventura and Santa Barbara counties to get together if the road is to be a reality. A few years ago a bill passed the Legislature appropriating \$50,000 to build this road, but the measure was vetoed. Bakersfield is interested in the project because it is only 80 miles from Santa Barbara. The most important irrigation project ever undertaken in California is the proposed canal, which will be a reality. The project is to build a canal 100 miles long, with a capacity of 10,000 cfs. The project is to build a canal 100 miles long, with a capacity of 10,000 cfs. The project is to build a canal 100 miles long, with a capacity of 10,000 cfs.

DOUBLE MURDER IS SUSPECTED.

TWO MINING MEN FOUND IN HOUSE RUINS.
Both Known to Have Carried Considerable Money and on the Night Their Home Was Burned Down by a Neighbor.
SAN BERNARDINO, May 23.—James Lord and Peter Watchman, well-known desert mining men, were victims of a double murder, is the theory of the officers. A quiet, though systematic search is being made by two individuals who dropped into Randsburg last week, and only seen but once or twice, vanished when the remains of the two miners were taken from the smoldering ruins of their home, in that camp.
Both men are known to have been carrying large sums of money, and Watchman had an unusually large amount of gold the night he and his partner entered their cabin door for the last time. George LaMontain, who occupies a cabin opposite that destroyed, informed the officers that shortly after the two miners entered their cabin he heard a terrific struggle, and smothered cries for help.
Within a short time smoke was seen issuing from the chimney, and before the volunteer fire company could reach the place the structure was a mass of flames. The charred bodies were so badly incinerated that the closest scrutiny failed to disclose in what manner death had been inflicted.

WOULD IMPROVE SCHOOLS.

Riverside County Official Takes Initiative in Matter of Adding Manual Training to Programme.
RIVERSIDE (Cal.) May 23.—Superintendent Raymond Cree, of the Riverside county schools, has taken the initiative in suggesting that manual training be taught in the rural schools of the county and to that end invited to Riverside the school trustees of the five districts nearest this city, those of Highgrove, Alford, Glen Avon, Jurupa and Trifolia, to confer with the superintendent in regard to adding this branch of objective teaching to those districts.
The members of the school boards from those districts responded to the invitation, and all met in the office of the superintendent this afternoon, after the 10 o'clock session of the School in this city, where they were shown through the institution and the work being accomplished by Superintendent Madison was shown by the head of the institution. The Trustees were much impressed and it is probable that the result of this conference will be the establishment in the schools of manual training. The idea of the Superintendent to secure a special teacher in manual training, to be capable of teaching drawing and designing as well, and have such teacher spend one day a week in each of the five schools, giving instructions in manual training and drawing.

FINE LOTION MAKES PERFECT COMPLEXIONS.

"In the universal quest for beauty," writes Mae Martyn, beauty specialist in the New York Chronicle, "no preparation for whitening, beautifying and toning the complexion has been found to compare with the simple, inexpensive lotion made by dissolving four ounces spumax in one-half pint hot water with two teaspoonfuls glycerine added.
This lotion clears and refines the complexion, making it smooth, velvety and charming. It is much better than powder as it doesn't clog up the pores, causing rough, sallow skin, nor will it show or rub off so easily as powder.
"For removing that shiny, oily, sallow look it is unequalled and gives the skin a healthy, smooth, youthful appearance."

Physician Alleged to Have Left Woman During Childbirth, Causing Death of Infant.

SANTA ANA, May 23.—J. E. Souder, a Newport Beach fisherman, and his wife, Laura, today brought suit for \$10,000 damages against Dr. George Clark of Newport Beach, formerly Coroner and Public Administrator of this county. In their complaint the fisherman and his wife allege that Dr. Clark left Mrs. Souder during labor and became intoxicated, that a child was born to Mrs. Souder without medical aid and that the child died as the result of the fact that the woman did not have medical aid.
The complaint was filed by Attorneys J. N. Anderson, former State Senator, Victor Montgomery, and B. E. Tardiff, all of Los Angeles.

Fullerton, May 23.—The advocates of bonding the city of Fullerton for \$150,000 for bridges and street paving won first blood in the session of the Trustees of the city of Fullerton, when the Trustees granted the request of a number of petitioners to call an election. The resolution of intention received the unanimous vote of the Trustees on first reading, and the holding of the election is now assured.

The election will be the warmest contest ever held in the city, but the chances seem good that the bonds will carry. The specifications call for the building of a large extension to the station. The improvements which the Santa Fe contemplates will be for the convenience of the traveling public and prove beneficial to the city.

MEMORIAL DAY SERVICES.
The members of the Fullerton-Anaheim Post, G. A. R., and the Daughters of Veterans, will attend services at the First Methodist Church in Fullerton Sunday, May 28. The service at the cemetery will be held at Anaheim on the forenoon of May 30. The Daughters of Veterans will have charge of the services. The oration of the day will be delivered by Rev. Bruce Brown of the First Christian Church of Fullerton.

Physician Alleged to Have Left Woman During Childbirth, Causing Death of Infant.

SANTA ANA, May 23.—J. E. Souder, a Newport Beach fisherman, and his wife, Laura, today brought suit for \$10,000 damages against Dr. George Clark of Newport Beach, formerly Coroner and Public Administrator of this county. In their complaint the fisherman and his wife allege that Dr. Clark left Mrs. Souder during labor and became intoxicated, that a child was born to Mrs. Souder without medical aid and that the child died as the result of the fact that the woman did not have medical aid.
The complaint was filed by Attorneys J. N. Anderson, former State Senator, Victor Montgomery, and B. E. Tardiff, all of Los Angeles.

The Chamber of Commerce, since receiving the following donations, has forwarded them to Consul-General Wilder: Sing Fat Company, \$25; Mrs. J. W. Clay, \$2; through express, \$2; First United Presbyterian Church, \$25.

Walters Jollity.

The Southern California Walters Association celebrated the opening of their new club rooms at 544 S. South Spring street yesterday with a social entertainment and dance. A vocal and musical programme occupied the afternoon and dancing the evening.

International Arbitration.

The Chamber of Commerce has requested Hon. Harrison Gray Otis, who is now in New York, to represent it at the Lake Mohonk Conference on International Arbitration, to be held at Lake Mohonk, New York, from today until Friday. The chamber received a wire from the general to the effect that he will attend.

For Child Study.

The Social Center Association of the Polytechnic High School was formally organized at a meeting held in the Polytechnic building on Monday evening. Its purpose is the promotion of a closer affiliation between the parents and teachers and the fostering of the school as a social center. The monthly meeting will be presided over by the president, Rev. John A. Eby and the secretary, Mrs. E. M. Blair.

Buys an Apartment Site.

The southeast corner of Orange and Valencia streets, a lot 60x117 feet to an alley, was yesterday purchased by Marie C. Mayhew for \$16,000 cash. The property was bought for a permanent investment. Plans will be prepared by Architects R. B. Young and Son for a three-story, brick apartment house to be built at once on the site. The sale was made through R. A. Rowan & Company and Bryan & Bradford.

Drummond at Tia Juana.

Friends of Charles H. Drummond, alias Charles H. Drummond, who mysteriously disappeared from the Hotel Virginia Monday, stated yesterday that they had received word from him in Tia Juana. They say the young man and his female companion made the trip from Los Angeles to San Diego in an automobile, and after passing the night there last yesterday morning for Tia Juana, where they plan to remain until the eagerness of the authorities of St. Louis to get Drummond cooled.

Comedy For Charity.

The Dramatic Club of St. Vincent's College, assisted by several young women of the parish, will present a four-act comedy, "My Uncle From India," in the Father Meyer Memorial Hall this evening. The play will be staged under the direction of Eustace O'Keefe, and the proceeds are to go to one of the charities of the congregation. The college orchestra will furnish all of the music. Members of the cast will be Thomas Dockweiler, Carl Spaulding, Earl Cavahill, H. C. Yell, Garret Wayne, Percy O'Connor, T. Mulhull, Preston E. Schiller, J. Workman and the Misses Mary Le Sage, Emma LeSage and Minnie Dox.

Osotopaths Coming.

Dr. J. Lester Adams, chairman of the committee which has arranged for the annual convention of the Osteopathic Association, which will be held in this city, June 1-5, has received from the Chamber of Commerce an invitation extended to the members of the association to be the guests of the business men of Los Angeles during the session. Elaborate plans have been made to take care of the doctors. The banquet will be held at the Angelus Hotel, June 1. The programme committee includes Dr. D. L. Barker, chairman; Dr. Robert D. Emery, Dr. Charles J. Spencer. Among the important papers to be read will be one by Dr. Emery on "Adequate Treatment of Multiple Neuritis."

SEES OWN MACHINE STOLEN.

Oil Man Stands Helpless in Window of Office as Thieves Drive His Auto Away.

Willis P. Moon, a prominent oil man living at No. 1417 South Hoover street, did not take the trip he had planned yesterday afternoon. After having his automobile prepared for a 100-mile jaunt, he saw two men crank the engine, slip into the machine and drive away.

Moon was on the sixth floor of the Auditorium building in the office of Dr. T. C. Lowe when the machine was stolen. He stood in the window and saw them drive away. Then he went down to the sidewalk to see if they had been kind enough to leave his suit case containing several changes of clothing, but found that they had not. The machine is a light red Ford touring car, license No. 2494. Because of his elevated position, Moon was able to tell the detectives that the machine was driven two blocks south on Olive street and that the thieves then turned east, taking the road that he had intended to follow.

OPINIONATED MIXER.

Some little excitement was occasioned at Daly street and Downey avenue yesterday morning through a vigorous dispute between a dozen or so Pasadena-avenue street cars and a large and stubborn gasoline concrete mixer now being employed by the Street Department for work at that point. The mixer was planted squarely across the tracks by the foreman on the job and not the clangor of many gongs or the earnest and prayerful solicitation of many motemen was sufficient to move it thence until that immediate part of the job was completed.

New Suit Models Seen on 5th Ave., New York

We wish every woman in Los Angeles—at least every woman who is particular about her appearance—could come and see these new White Wool Suits. We think she would approve of them as a whole. She would particularly like their new, particularly their new, their new decorative features, above all, she would like, and appreciate, the moderate prices.

We would make it a point to show her first those suits of White Serge—the wide wale—introducing the shawl collar; then those plain tailored models of that fine Herringbone weave with the narrow white silk stripe; again, those of fine French serge made with a deep sailor collar of white moire silk and silk frog fasteners. These and others we would show her at \$25.00, and we are confident she would be delighted with every detail.

Dainty Morning Dresses at Moderate Cost

These dresses were made by one who knew what a morning dress to be worn either about the house or on the street, ought to be. They are of checked gingham and printed lawns and barred dimities. The laces with which they are trimmed are imitation Cluny, will wear and wash satisfactorily. There are many different styles among them at \$4.50, \$5.00 and \$5.75 and each one is distinctively new and pretty.

ALLEGED DYNAMITER MAKING ADMISSIONS.

Examination of Connors Yesterday Results in Important Disclosures Involving Other Walking Delegates, According to Authentic Reports—Gurney, Maple and Musgrave Woman Called Before the Grand Jury.

ADMISSIONS which implicate several local labor union officials in a thoroughly organized plot to dynamite the county's \$1,000,000 Hall of Records on the night of September 8 last, were made yesterday before the grand jury by Bert H. Connors, according to the most reliable information obtainable outside. For six consecutive hours Connors was on the stand, and when the jurors adjourned, shortly after 5 o'clock, it was announced that he will be recalled this morning to clear up a few details of the conspiracy that had been omitted yesterday.

John Mansell Parks, former financial secretary of the local branch of the International Association of Bridge and Structural Ironworkers, was called before the grand jury for a few minutes yesterday morning, while Connors was given a brief respite, but only two questions were propounded to him. He has positively refused to make any admissions, and for that reason the officers of the prosecution are bringing all their efforts to bear on Connors.

When Connors was finally told every detail of the plot to wreck the Hall of Records and every other important building under construction in Los Angeles by non-union labor, Parks is expected to be ready to confess his share.

The questioning of Connors before the grand jury was under the supervision of Chief Deputy District Attorney Horton. Connors had been interrogated until long after midnight Tuesday by Chief Detective Browne and other of the District Attorney's criminal investigators, but had not been freely as was expected. At times he was sullen and cursed the officers for trying to obtain important details of the conspiracy from him.

WEAKENS AND TELLS.
Yesterday morning when he was called before the jury, Connors's disposition had not softened any. At times he refused to answer questions, while at others he made weak sallies at wit of a cheap order. His manner was anything but pleading.

Little by little, it is understood, the deputy District Attorney pressed in upon his subject. Connors smarting back, at times refusing to budge, gradually he weakened, and little by little his story came out.

At the noon adjournment, significant smiles that passed between the District Attorney's officers told of the triumph that had been made upon Connors's reticence. When the jury convened again after lunch the questioning continued. Kindness toward the accused was alternated with a scathing denunciation by his examiner. Each task undertaken by the deputy District Attorney gained its ultimate end. The evidence was extracted from Connors piece by piece. Each thread was cleverly woven into the web, and when the jury adjourned a fabric of evidence far in excess of the hopes of the prosecution had been woven about the accused walking delegates and some higher-ups.

While Connors was squirming to avoid the point of the questions put to him, his affinity, Mrs. Ella B. Musgrave, and his companion, A. B. Maple, were sitting in the grand-jury ante-room, swapping confidences.

GURNEY ARRIVES.
Yesterday afternoon shortly before 4 o'clock, George Gurney, secretary and treasurer of the local branch of the International Bridge and Structural Ironworkers, and one of the labor-union moguls in the South, arrived at the grand-jury place by entrance, together with his secretary, Ed Hendricks.

Detectives Maehl and Ong of the District Attorney's force have been looking for the men all day to serve subpoenas on them, but up to a short time before their arrival, neither house had not located them. Hendricks had been in consultation with James B. and John McNamara, the County Jail nearly all day, while Gurney had been sequestered in his private office at the Labor Temple. The detectives had tried frequently to locate Gurney at the Labor Temple, but had been frustrated by untruthful men there.

LOOKING FOR WATSON.
One subpoena issued by Dist. Atty. Fredericks in the dynamiting inquiry had not been served last night. The instrument bears the name of Edward Watson. It is not known where this much-wanted unionite has left the city, but his disappearance at this time is causing the officers worry.

Watson is a negro, and understood to be a member of the Bridge and Structural Ironworkers' Union here. He was a confidant of Connors and Parks, and was seen frequently in their company. His connection with the case, beyond the fact that he knew of Connors's alleged participation in the attempt on the Hall of Records, is not disclosed by Detective Browne and Dist. Atty. Fredericks.

Two detectives combed the colored residential sections of the city last night for trace of Watson, without success. It is believed that the unionite knows where he is hiding, and an effort will be made today to have them divulge the location.

The lie was given yesterday by attaches of the District Attorney's office to the local labor-union bosses, who officially denied that Parks and Connors are affiliated with organized labor in Los Angeles. According to Deputy Horton and Detective Browne large bundles of data are in their possession showing Connors's and Parks's connection with the union.

NAMES WRITTEN HERE.
The officers have in their possession a letter written by a local structural ironworker and signed by twenty-four members of Local No. 51, re: the dynamiting of the Hall of Records. The letter was written to John J. McNamara, secretary of the International Association of Bridge and Structural Ironworkers, at present under arrest in the County Jail for complicity in the Times Building tragedy. This letter bore the date of April 22, this year. Among the twenty-four signers are the names of John Mansell Parks and B. H. Connors.

Figures in the Connors-Parks Grand Jury Investigation.

The house is at No. 543 East Sixth street, was occupied by Mrs. Ella B. Musgrave and Bert H. Connors, and was the rendezvous of John Mansell Parks and other mysterious local labor-union walking delegates, who are suspected of having gone there for no good purpose. Gurney, secretary and treasurer of the local branch of the International Association of Bridge and Structural Ironworkers, was subpoenaed yesterday as a witness, and so, figure prominently in the case of Connors and Parks, arrested Monday evening charged with having attempted to destroy the Hall of Records.

At the first he turned pale while the other ones so unnerved him that he asked a deputy District Attorney to put a stop to them.

"That certainly gets my nerve and I wish you would stop them," said Connors to Horton.

"Seems like dynamite, doesn't it?" queried Horton.

"That's the trouble," said Connors, as he slunk down in his chair.

Evidence was placed in the hands of Chief Detective Browne yesterday of the house by neighbors. As none of these were pressed, no action was taken against Mrs. Musgrave or her sneaking associates.

For two years the cottage has been tenanted by Mrs. Musgrave. Connors was there to board about a year ago. Parks was seen around the place at times. The gatherings of union men were there to board about a year ago. According to his informants, Connors spent seven years in prison for a crime committed in Harton county. Broome has wired the penitentiary officials for proofs of this.

McNAMARA SENDS FOR PRIEST.
James B. McNamara, alias Brice, in the County Jail on the charge of having dynamited the Times Building, yesterday requested that Rev. Mr. Brady call upon him in his cell. It was the first time McNamara admitted a willingness to see a priest. Rev. Mr. Brady remained with the prisoner over an hour. Much comment was aroused about the jail by the priest's visit to McNamara.

MRS. MUSGRAVE'S HOME A SECRET RENDEZVOUS.

AN INCONSPICUOUS cottage, harboring a veritable nest of mysterious unionites and a woman, who apparently bears the same relation to Connors as did Bella Lavina to Schmidt, and Mrs. D. H. Ingerson to J. B. (Brice) McNamara, figure prominently in the case of Connors and Parks, arrested Monday evening charged with having attempted to destroy the Hall of Records.

The woman is Mrs. Ella B. Musgrave, and her home at No. 543 East Sixth street, the abode of mystery. It was there the walking delegates held "growler" parties and remained concealed until something called them forth on secret missions of questionable import. Persons whose identities are known to the officers, directed these strange movements.

At this peculiar rendezvous carousing was habitual, and many were the complaints lodged against the inmates of the house by neighbors. As none of these were pressed, no action was taken against Mrs. Musgrave or her sneaking associates.

Broome has wired the penitentiary officials for proofs of this.

After his release from jail Connors did not remain around Los Angeles. He mysteriously left the city about November 1, and is reported to have been up in St. Louis a few days later. He was not seen again here until shortly after the arrest of the McNamara and McNamara. It is believed he was in St. Louis at the time of the finding of large quantities of dynamite in the Union Station, a few days after the arrest of the men accused of having destroyed the Times Building.

Connors has been constantly under surveillance of detectives of the District Attorney's office since his return to California. He has been closely watched at all times, and his every act seems to be known to Chief Detective Browne. Part of the time he was engaged on bridge work at Needles, Browne's men followed him through Nevada, and as far east as Denver.

Mrs. Musgrave was greatly wrought up over Connors's arrest. "I know that Bert didn't have anything to do with the attempt to wreck the Hall of Records or any other building," she said yesterday. "He is compelled to take the blame for the work of others. They think that because he is easy-going he will stand for anything."

Mrs. Musgrave refused to say who she referred to by the "others," but it is supposed she alluded to men who are alleged to have used Connors. In company with A. B. Maple at the Courthouse, where she was subpoenaed as a grand jury witness, Mrs. Musgrave was held in jail on a battery charge until October 28, when he was tried and fined \$10. This fine is supposed to have been paid by Mrs. Musgrave.

STANTON GETS PLACE ON MAP.

Election Carried to Make It Municipality.

Large Part of Orange County Goes to Booth.

Sever Question Crowds Polls With Protesting Vote.

After many vicissitudes, the city of Stanton, comprising 2,000 acres west of Anaheim, jumped upon the map yesterday.

The election, of which the issue was whether or not residents of the territory should incorporate a municipality and thwart the plans of the Anaheim officials to establish a sewer farm in the district, carried by a vote of 76 to 67. There are 155 qualified voters, and 142 ballots were cast.

Already a barbecue has been planned for the near future. It will be held on the very spot where Anaheim had intended to dispose of its sewage. Furthermore, the Board of Trustees, as soon as it has had time to organize, will enact as Ordinance No. 1, a law that never can there be a sewer farm within the confines of the city.

ELECTION EXCITING.
There was more excitement between Stanton and dark yesterday than the residents of that part of Orange county have ever known. The polling place was opened at 6 o'clock in the morning and closed at 6 o'clock at night, and was the center of attraction for a radius much greater than that of the election precinct.

Two deputy sheriffs were on hand and prevented several near fights. Automobiles whizzed to and fro giving many of the farmers their first chug-chug rides. Officials of Anaheim, remaining safely out of sight, sent henchmen with signed statements which told of taxes and other things, and which were distributed broadcast. From the other side of the fence came pamphlets headed, "Voters, Protect Yourselves."

What with enthusiasm, persuasion and temptation of automobile rides, practically every voter was rounded up. Only seven could not be found. A. M. Hall was too sick to go to the polling place, and a stalwart farmer named Stowe failed to vote after having led the election enthusiasts a merry chase.

CHASING A VOTER.
Believing he was one of their men, the incorporation people sent an automobile to his house. But he saw them coming and hid in the chicken coop, as he continued to do all day upon the approach of a motor car. Then a genius was struck with the idea of going after him with horse and buggy, and thus taking him unawares.

The scheme worked out as successfully that the driver of the rig found upon arrival that Stowe had changed his mind and decided to vote against the incorporation of a town. He carried his colors safely through the day, however, with a lot of talk and a slow-walking horse, and succeeded in reaching the polling place just after the doors had been closed.

It took but half an hour to count the ballots, and when the result was announced, cheers went up for the biggest town in Orange county, territorially speaking, and Phil Stanton was lifted on to shoulders and carried about the place.

The women were the most enthusiastic of all, and had women's suffrage been the order of the day, an election would not have been worth while.

NEW TOWN OFFICERS.
The new town officers are: Trustees, F. J. Huntain, E. K. Miller, Thomas Hill, J. R. Bradford and S. D. Winters; City Clerk, D. L. Warden; City Treasurer, Harry Barter. The president of the Board of Trustees, who will be elected at the first session, becomes Mayor.

"The incorporation of the town will be a benefit in many ways other than preventing the establishment of a sewer farm by the city of Anaheim," said Stanton last night. "It has brought these people together, and they will be able to form associations and farm their land to a much better advantage. The town will be on two railroads, the Southern Pacific and Pacific Electric, and there are many opportunities before it."

WILMORE FIELD EXPECTS BOOM.

Train Carries Oil Men to the Old Camp.

Company to Spend Fifty Thousand Monthly.

News of Interest From Oil Fields.

W. P. Hammond of San Francisco, representing the California Amalgamated Oil Company, which recently acquired 1500 acres of prospective oil land in Ventura county, has accordingly to the Filmore Herald, ordered the construction of a \$50,000 a month development of the property.

It is thought Hammond and his associates are planning to develop a large field in the Coalinga region, and that the Shell Oil Company, and that the object is to fight the Standard in this territory.

It may be, the good fortune of Filmore and Ventura counties is greatly worked up at this time by the fact that the one topic of conversation in that county is oil, and that a train stopping at Filmore carries a bunch of "oil men."

Every day sees big consignments of machinery, casing and oil well pipe, and a local rough-build- ing force busy for several weeks to come.

On some basis for the activity in Ventura is evidenced by the fact that the big Montebello field, the shale place in which began flowing again last year, and is taking the company's production. The flow is accounted for by a heavy gas pressure which is tearing off the casing head, and a low is estimated anywhere from 1000 to 1500 barrels. As a well the Montebello probably has the best record for production in the state.

It is only 150 feet deep, and is just a shade under 40 grav- ities, and is the success of the well. The Montebello company is to start well No. 2, about 200 feet from the big pro- duction.

Showing the Splendid Street System and Foothill Background at Beverly Hills.

BEVERLY HILLS is rapidly approach-

ing what will soon amount to the most notable progress ever made in the history of Los Angeles suburban real estate. The latest achievement is the handsome new family hotel. Plans and specifications are now under way for this beautiful hostelry, which will grace one of the most commanding sites in this peerless residence district.

Sales of property here are increasing rapidly—and it is only a question of a very short time when Beverly Hills lots (80x160 to 100x260) at \$1250 to \$2000 will be no more. Generous expenditures of money and the bounteous tributes of nature have made Beverly Hills a residential "garden-park." Here is a residence district with a definite, carefully-worked-out plan back of it. Parks, shrubbery, water-garden, broad, smooth, petroli- thic boulevards and many other public improvements were established upon a system and basis that means harmony, uniformity, grace and beauty forever. Lots in many of the "no- plan" residence sections of Los Angeles, where street work and improvements are of a severely ordinary character—are held at nearly twice the figures asked for Beverly Hills property. Shrewd discriminating investors and homeseekers are taking advantage of these exceedingly low prices.

Mrs. Thomas B. Blackburn,

who has been entertaining as guest, Miss Bertha Thomas, sister of Admiral Thomas of the flagship California.

THE musical reception given yesterday afternoon by Mrs. Charles Modini-Wood and her mother, Mrs. William H. Perry, at their home, No. 20 St. James Park, for the benefit of the Parish Aid Society of Christ Episcopal Church, was most successful both financially and socially. A large number of guests called. The excellent musical programme was rendered by Mrs. Mary Le Grand, Charles Modini-Wood, Mrs. Denaso, Mr. Bierlich, J. M. Stanton and William Strowbridge. About four hundred ladies of the congregation assisted in receiving.

House Guest.

Mrs. Carrie Jacobs Bond is visiting at the home of Mr. and Mrs. Charles Modini-Wood, in St. James Park.

Visiting Parents.

Lewis Edgar Stanton, general agent of the Chicago, Milwaukee and St. Paul Railroad, with headquarters in San Francisco, with his wife, is a guest at the home of his parents, Mr. and Mrs. Lewis Stanton, of No. 429 West Thirty-first street.

Bridge Luncheon.

An interesting bridge luncheon of recent date was presided over by Mrs. Nathaniel P. Wilshire, who entertained at the Los Angeles Country Club in honor of Mrs. Alexander Field of San Francisco, formerly Miss Almira Brunswig. Mrs. Field is visiting at the home of her parents, Mr. and Mrs. L. N. Brunswig, of West Adams street. The guests were members of a bridge club to which the honors belonged before her marriage. They included: Mrs. Asa Kelly, Mrs. Robert A. Rowan, Mrs. Charles Chandler, Mrs. Sidney Wallis, Mrs. Walter Leeds, Mrs. Freeman Ford, Mrs. Green, Mrs. Bryant, Mrs. Burton E. Green, Miss Annis Van Nux, Miss Grace Mellus, Miss Katherine Mellus, Miss Sue Carpenter and Miss Inez Clark.

Miss Bartlett Honored.

In honor of Miss Bessie Bartlett, whose engagement was announced at a smart luncheon given by her mother, Mrs. A. G. Bartlett, at their beautiful Hollywood home, Vista del Mar, Mrs. Charles Lick, of South Figueroa street, entertained yesterday with a luncheon. The table was decorated with ferns and begonias. Covers were laid for Mrs. Bartlett, Mrs. George Zobein, Mrs. Gertrude Ross, Mrs. George L. McKeeby, Mrs. Isabelle Denker, Mrs. Maier, Mrs. Philip Zobein, Mrs. J. W. Thayer, Mrs. E. W. Mueller, Miss Sophia Kubach and Miss Florence Bartlett. Places were marked with cards hand-decorated with Cupids. The ices were served in Cupid molds. Monday next, Mrs. Philip Zobein will compliment Miss Bartlett with a pretty party.

LETTERS TO THE TIMES.

W.C.T.U. News from Orange County.

GARDEN GROVE, May 21.—[To Editor of the Los Angeles Times.]—The W.C.T.U. of Orange County is still on the map and mostly white. The few places where intoxicants are now sold will be closed when the mothers of the county have a voice in deciding what is and what is not most conducive to the welfare of the boys and girls they are rearing. The annual convention of this county was held in the beautiful new Christian Church, which was filled with a large and appreciative audience. The business sessions were well attended, with delegates from each local union in the county. The presence of our beloved State president, Mrs. Hester T. Griffith, was helpful and her address full of hope and encouragement for the future.

Our county president, Mrs. Viola Norman, presided. The officers and superintendents, with few exceptions, were re-elected. Suffragan was the keynote for the summer's work, and the study of California laws recommended in all the unions. A little book entitled "Laws of California Relating to Women and Children," compiled by Mrs. Willoughby Rodman, was especially quoted as an admirable text-book for study and discussion. The address by Mrs. Isabella Churchill on the results of women's votes in Colorado gave accurate information from her own personal experience, and was a masterly refutation of the misrepresentations that have been scattered abroad by the opponents of suffrage. Mrs. J. N. Anderson gave an instructive address upon the legal status of women in this State, which, judging from the number of questions asked, was a surprise to some of her audience. Women who think they have "all the rights they want" should have heard it. Mrs. Walter Tedford conducted a symposium on "Amusements for Children," which brought out many helpful hints to mothers. School gardening was discussed and highly commended. In Tustin the school children sell vegetables from their gardens, and are greatly interested in the study of plants and insects. Anaheim and Santa Ana also have school gardens and are meeting with success in the work.

The various unions reported an increase in membership and much interest in the meetings. The Y.P.R. and L.T.L. branches were reported as gaining in numbers and interest generally throughout the county.

Daughter Honored.—Rev. and Mrs. C. Ellwood Nash, of No. 150 Virgil avenue, entertained a company of friends recently in compliment to their son-in-law and daughter, Mr. and Mrs. L. W. Ford, who, since their recent marriage, have been living in San Diego. The home was decorated with climbing roses and sweet peas. About a hundred and thirty guests responded to invitations. Mrs. Nash was assisted in receiving by Mrs. Cameron and members of the "Lend a Hand" class of the Universalist Church.

From Colorado.—Miss Helen Webster of Denver is the guest of Mr. and Mrs. Seneca G. Dorr of No. 2442 Magnolia avenue.

Theater Party.—Mr. and Mrs. M. E. Johnson had as guests at the Mason this week Mr. and Mrs. Sol Davis and Mrs. Stanley Van Nux for a few days with friends in this city.

Mrs. Phillips's Guests.—Mrs. Frank Phillips of No. 434 Park View avenue has as her guest Miss Carrie Blower.

At Arrowhead.—Guests at Arrowhead Hot Springs include: Mr. and Mrs. H. M. Snodgrass, Mr. and Mrs. Charles Smith and child, Los Angeles; H. A. Putnam and wife, Inglewood; S. M. Briggs, A. L. Jones, Los Angeles; Charles E. Post and wife, Mr. and Mrs. W. Woodworth, Pasadena; Mr. and Mrs. Harold D. Dabe, Altadena; D. Wolkewsky, George B. Upp, Los Angeles; Mrs. J. E. McCormac, Rush McCormac, Pomona; S. E. Kidd, Hollywood; Dr. and Mrs. F. C. Donnell, Long Beach; Mrs. J. Whitaker, Mrs. H. F. Andrews, Harriet Andrews, Long Beach.

PERSONAL.—Dr. Charles Weddle and wife, of Fresno, are guests at the Van Nuys. Mrs. B. S. Timke and her daughter are San Francisco guests at the Hollenbeck. Mrs. Timke is here visiting friends.

J. W. Pelree, one of the mine operators of the Goldfield district, is passing a few days at the Alexandria. H. W. Wood and wife are occupying a suite at the Lankershim. Wood is a Denver real estate operator. Dr. Grosbeck Walsh, a Chicago specialist, is making his home at the Hollenbeck for a few days. George Nay, railroad contractor and land operator of Needles, is a guest at the Hollenbeck. Francis P. Alcade, a mining man and land owner of Mazatlan, is registered at the Angelus. E. G. Kramer, a shipper of Eureka, with his wife, is occupying apartments at the Hayward. A. J. Kramer, a retiring engineer and expert on pre-cooling, is staying

DEATH COMES SUDDENLY.

Retired Merchant Stricken With Heart Trouble on Street Expires Shortly Afterward.

While walking on South Broadway about 3 o'clock yesterday afternoon, John Maraden, 70 years old, living at No. 1319 Sutherland avenue, was stricken with heart trouble and died before medical assistance could reach him.

Maraden, who was a retired lumberman and grain merchant, had been a resident of Los Angeles thirteen years. He leaves a wife but no children.

SILVERWARE

Community Silver

"Community" on Silverware means highest and best quality—it means "more than triple plate—more than triple ware." Community rivals Sterling Silver in distinction and richness of design, and is guaranteed for twenty years.

The Sheraton and Louis XVI, two of the latest designs in Community Silver, are illustrated here. Both are simple, but exquisitely beautiful in outline and ornamentation.

You will find a complete line of Community Silver in the Silverware Department of Parmelee-Dohrmann's Store. Write for our Community Silver Catalogue—it will be of great service to you in selecting appropriate wedding Gifts.

FACTS FEATURES AND FANCIES FOR WOMEN.

—Olin Gray

BEAUTY HINT: Perfumed bath bags are a delightful addition to the bath for warm weather. They are softening, whitening and refreshing to the flesh, and counteract perspiration odors. One part of French Camellia or Cashmere Bouquet soap to 12 parts of wheat bran, or of orris root powder and one-fourth pint violet toilet water are the components. Mix well and put 1 1/2 cups full to each bag. It may be used several times, by drying it after using.

Southern California: Just for breakfast, if there were a club which this kind of business woman could call her own, it seems to me it would be a boon. You say, "She has her list or apartment." Quite true, but she does not perhaps feel like getting up at a dinner, or even supervising one, after a hard day's thought; but in her club, she would feel quite at home and yet all the trouble would be eliminated. Such clubs in other cities have been successful and Los Angeles women are certainly progressive.

Tomato Cheese Paste. For the midnight supper, or for luncheon on a warm day, tomato cheese paste is excellent. Melt in a sauce pan one tablespoon of butter, add two slices of onion and fry until butter begins to brown, add two cups of canned tomatoes or the same quantity of fresh ones, two whole cloves and cook one-half an hour and strain. One more tablespoonful of butter and stir in one-half tablespoonful of the strained tomato slowly and stir until it boils; then add one cup of eastern cheese cut in small pieces, stirring until the cheese is melted. Season to taste with salt and paprika, and last of all, stir in the beaten yolks of two eggs. When the paste is cold, spread on white bread and if you wish cover with anchovies, although it is excellent without. The bread may be toasted if you wish. This is a satisfying out-of-door sandwich, for the motor trip or the luncheon at fresco.

Irish Crochet Hint. A valuable hint for those who do Irish crochet is to shrink the thread before using, in which case the lace will look as well after as before laundering.

Hot Weather Helps. One of the big stores has taken pains to think out a sale of "hot weather" things. Everything which can conduce to comfort or cleanliness for the home or the person, during the summer weather has been included, from dress shields to refrigerators. I think it an excellent idea to thus remind us of such necessities; for in many instances the smallest detail helps quite as much as the largest item, in creating comfort in dress and in household matters.

A Clever "Announcement." A girl's engagement announcement was made in a novel way. Five girl friends were asked to luncheon and at each place was a tiny suit case, filled with candy hearts, while painted inside the cover of the suit case was a snap shot of "The Man in the Case"—her fiancé.

For the Beach. "When you begin to think about going to the beach, remember that the most comfortable bathing suits are made right here in Los Angeles and that they are manufactured by the woman. You and I, who like to encourage the work of women and especially like to buy the made in Los Angeles articles whenever it is possible, will take pains to ask for these suits. Nothing is sacrificed in so doing, for the suits are all in one piece and are especially easy to swim in."

Fashion Whispers. The feather hat trimmings are all small, the Mercury wings predominating. Wonderfully pretty hair coiffures may be made by studding a gold ribbon with turquoise or a black one with diamonds, a green with pearls or turquoise. For afternoon wear steel is pre-eminent. It is procurable in galleons, buttons, fringes and embroidered stripes. It is used on hats, coats, dresses and slippers. The hanging panel at the back of the skirt is being exploited on cloth suits and on linen frocks. It is becoming, easily applied and covers the fastening of the skirt.

WOMEN'S WORK, WOMEN'S CLUBS.

BY SYDNEY FORD.

The last meeting of the current year of the Highland Park Ebell Club occurred yesterday afternoon when the recently-elected officers were installed in pleasing ceremony, Mrs. J. M. Grant presiding as installing officer.

The clubroom was bright and fragrant with quantities of cut flowers, and was filled with the members and their guests. Previous to the public meeting, the board of directors held a session, and the chairman of the building committee, Miss Martha Winans, reported \$2100 on hand toward the erection of that new clubhouse to which all the members are

Mrs. Samuel W. Hastings,
first vice-president.

looking forward. A lot has been secured and paid for and the above sum is now being used to build the new clubhouse.

Mrs. Jane M. Beatty, succeeds herself as president, the custom of this club being to retain a president for two years, and Mrs. Beatty has proven so competent and clever an officer that it will be hard to find her equal.

Mrs. S. W. Hastings, who served as second vice-president during the last year, will install as first president, and Mrs. J. R. Higgins filled the office she vacated. Mrs. W. K. Chambers was made recording secretary; Mrs. R. M. Whitney, corresponding secretary; Mrs. C. E. Harlan, treasurer, and Mrs. O. G. Green, general curator. The directors are: Miss Martha Winans and Miss Mary Osmond, A. A. Phillips, C. M. Gordon and F. H. M. Davis.

A resolution was offered and enthusiastically and unanimously passed endorsing the proposed site for the \$35,000 Carnegie library building at the corner of Pasadena avenue and Fifty-sixth street, which has been selected by the committee appointed for the purpose.

The programme of the afternoon was a most interesting and illuminating talk on "Oriental Rugs," by Miss Emily Knox Reynolds, who has made a comprehensive study of this particular subject during the past fifteen years. She had specimens of Persian, Chinese, Bokkara and Turkish rugs—of which she is the possessor—and further illustrated her talk by a map, showing the location of the Oriental countries where these precious rugs are made, and she had gone to the infinite pains to color the map to correspond with the colors used in rugs at these various localities.

She showed how not only the coloring, but the figures in rugs are influenced by the locality—why some are bright, radiant reds to correspond with the brilliant sunsets, and why others are in dull, old blue, or vivid greens. Have you ever noticed that Chinese rugs, for instance, come always in blues, whites or yellows—and that the figures are invariably circles?

On the other hand, have you observed that the Bokkara rugs show octagon figures, and the Caucasus rugs have long hexagonal or parallelogram figures?

All these, and many other technical and interesting points were brought out by Miss Reynolds.

Rosecrans Club. The Rosecrans Club held a delightful social affair Monday at the Echo Park Clubhouse. A special guest was Mrs. Gertrude Kane of Sacramento. The club held its last regular meeting at the studio of Mrs. Azemia J. Melchor, the acting curator of the club.

A short programme of English and American history, embracing Colonial times, was given and a Colonial tea followed. Elections were held and scheduled for the next meeting, which will be at the Echo Park Clubhouse. The following are the officers elected: President, Mrs. J. E. Coleman; vice-presidents, Misses Allen Anderson and Alice A. Fish; secretary, Mrs. Addie E. Johnson; directors, Misses Murphy, Mary A. Stratton and B. F. Hilliken.

Toasts of Four Nations. The drama section of Ebell will celebrate the close of the year tomorrow when Miss Ida Leonard will read Maeterlinck's "The Bluebird," after which there will be a luncheon, and Mrs. Malone Joyce will preside as toastmistress.

Several brands of toast will be served on the intellectual menu—Greek, German, English and Scandinavian—Mrs. W. W. Greut will be responsible for the first, Mrs. W. J. Hole for the next, Mrs. R. C. Bellows for the third and Mrs. Ada H. Van Pelt, curator of the section, for the last.

Cosmos Club Today. Mrs. Francis R. Quinteval, a member of the Cosmos Club, will tell some original California stories this afternoon at the meeting of that club in the Ebell auditorium. There will be reports from delegates to the State Convention of Federated Clubs, and Misses Elliot Raab and Henry O. White will sing together, and Mrs. Harry Underwood will recite and play a violin solo. This will be the last regular meeting of the year, the annual club luncheon, which will occur at Casa Verdugo, May 31, marking the close of the year's work.

She Wants Civics. At the last meeting of the Ebell Club, the president, Mrs. E. C. Williams, expressed her conviction that insufficient attention was paid to civics. The Ebell Club, she pointed out, is essentially a study club, divided into sections. Heretofore, the president pointed out, these study sections have been along academic lines, and she put in a plea for more practical topics—sociology and political economy.

"We are not living up to the full height of our opportunities unless we have a strong department of civics," she declared. Members were requested to express themselves as to whether such a department would be welcome

by dropping into suggestion box tickets indicating their desire to join such a section.

This week will see the close of several sections of the Ebell Club. Today the departments of music and expression will join hands in a farewell function for the year. A Wagner concert is the ambitious programme offered by the music section. Dr. Bruce Gordon Kingsley, instructor of this department, is to play famous selections from "The Ring." The expression students will contribute a reading, with musical setting, of Longfellow's "Sandalphon," with Misses F. S. Lang and E. W. Martindale at the piano. Immediately following the programme an elaborate luncheon will be served under the direction of Misses Margaret Gilbert and Helen Thrasher.

Mrs. W. R. Hall will act as toastmistress, Mrs. Dot Johnson responding to the sentiment, "The Modern Trend of Individuality in Expression," and Mrs. William Read to "Woman's Gift in Expression."

Mayer's Martha Washington Comfort Shoes

You will welcome the extreme comfort found in Mayer Martha Washington Comfort Shoes. All painful and annoying foot troubles will vanish instantly when you wear these wonderful comfort shoes.

They help women to greater comfort in the discharge of their household duties and afford genuine foot ease to all women who are on their feet a great deal. And in addition to their marvelous comfort and relief to aching, sensitive, feverish, tender feet, they are neat, trim and stylish.

Mayer Martha Washington Comfort Shoes have no buttons or laces. You can

slip them on or off at will. The elastic at the sides yields at every movement of the foot without squeezing or binding and insures a snug fit over the instep and around the ankle. Yet they are roomy and comfortable and give to the foot a neat, dressy appearance. You can get them in three heights and all sizes.

The best shoe merchants handle the genuine Martha Washington Comfort Shoes. If you can't find a dealer, write to us.

WARNING! Be sure you get the genuine. There are numerous imitations made to look like Mayer Martha Washington Comfort Shoes, but they lack the comfort, wearing qualities, fit and style. The real Martha Washington has the name "Martha Washington" and the Mayer Trade Mark stamped on the sole. Refuse any comfort shoes offered you without the Martha Washington name and Mayer Trade Mark.

See that the name "Martha Washington" and this Trade Mark are on the sole.

Fifty Dollars in Gold for the Week

Beginning of the Long List of Special Prizes in The Los Angeles Times Greater Contest. You May Enter At Any Time and Compete for the Weekly Awards. One Prize Each for Men and Women.

NEXT WEEK

\$25.00 in Gold

—FOR—

Man or Boy

Twenty-five dollars in gold will be awarded the man or boy who scores the highest number of points next week.

THIS IS WITHOUT RESERVE.

Twenty-five dollars in gold will be awarded the woman or girl who scores the greatest number of points next week.

THIS IS ALSO WITHOUT RESERVE.

You will not be required to get any specific amount of money in subscriptions, nor will the amount you bring in bear any relationship to the amount of the prize.

It is simply a case of the leader winning, WITHOUT HAVING TO REACH ANY CERTAIN MARK.

The week will begin at noon on Saturday, May 27, and end at noon on Saturday, June 3. PRIZES AWARDED AT NOON, Monday, June 5.

All of the business turned in between the above hours will be counted on the week's result.

NOW IS THE TIME TO GET BUSY.

All the points you score for the week will also COUNT ON YOUR TOTAL for the capital prizes to be awarded at the close of the contest.

Here is your golden opportunity to receive pay for your effort as you go along. There are many weeks yet before the close of this contest, and there will be a PRIZE FOR MEN AND WOMEN EVERY WEEK. These prizes will vary in their amounts and character, so that there will be an increasing interest upon the part of contestants as the merry frolic rolls along.

If you have not entered this contest, NOW IS THE TIME to do so. You will be in ample time to qualify for next week's special prize, as well as to make a good start toward your final total. The contest is very young yet, and the points secured by those who entered first are not impossible marks to overtake. It is a long chase from now until the end, and you have the same chance the tortoise had with the hare. Someone may fall asleep on the way, or stop to rest by the roadside. GET IN NOW, and make your start. LOOK AGAIN AT THE PRIZES.

And remember that the list is not yet complete. Other items are to be added from day to day, and when the entire list is finished, there will be a group of prizes that will SURPASS ANYTHING EVER UNDERTAKEN BY A NEWSPAPER.

More than a hundred contestants are going to draw compensation for their effort in this contest. A reasonable effort on your part will enable you to secure enough subscriptions to come within the list of winners.

Sixteen of these prizes are ACTUALLY WORTH MORE THAN A THOUSAND DOLLARS EACH, and a number of them run away above that amount.

Then the smaller prizes are worth consideration. There will be nothing cheap, nothing but the best for its cost.

The watches, ten of them, are of gold, and COST FIFTY DOLLARS EACH. A very fine watch may be purchased for fifty dollars, especially when buying a number at a time.

And so on down the line. EVERYTHING IS THE BEST THAT MONEY CAN BUY.

ENTER NOW. CUT OUT THE NOMINATION COUPON, AND BE IN AT THE FINISH.

The Times Scholarships

While the interest of the grown-ups centers in the Greater Contest, and while the prizes in it are large, the really important feature of The Times contest is the award of its scholarships.

This custom has been an annual event in Los Angeles for ten years, and this the Eleventh Scholarship Contest promises to surpass anything in previous seasons.

Of course, in the Greater Contest, the prizes are large and can readily be turned into money. It has attracted the notice of business men and women as well as young people, and the entries have already been numerous. There is something worth striving for in the big event, and all are welcome to participate. It is free for all, of both sexes.

But it is in the Scholarship that the prizes, while not of financial value to compare with the greater awards, are of more value to the participants and the public than all the money and house and lot prizes combined. It is in this contest that the earnest and ambitious young people extend their best efforts, for rewards that mean more to them in after life than all the temporary winnings of larger prizes.

This Scholarship Contest is a creditable and uplifting venture in which to be concerned. Students enter not to achieve a mere money reward, but to acquire a higher and better education than they would otherwise be able to afford.

They enter full of vim and energy; they yearn for greater knowledge—and this contest offers them the opportunity to obtain it.

As has been previous custom, the Scholarship Contest will begin at about the time the schools close for the season, and continue throughout the vacation time, until the opening of school in September.

Contestants who determine to enter this contest will enroll as soon as possible, for when the word is given, all should be ready to start. The time is limited in the scholarship race, so there should be no delay in beginning.

This season, there will not only be a greater number of these scholarships, but they will be better than ever before. It matters little what your inclination toward education may be, or what you desire to specialize in, there will quite likely be a scholarship in the institution you wish to attend; or the course of study you may fancy.

Points secured in this department are credited only to the scholarship contestants; and no points secured by other contestants in the general contest, will be counted in this.

It will be separate and distinct department, and conducted along the same careful lines as heretofore. CALL OR WRITE AT ONCE, AND ENROLL YOUR NAME AS A CONTESTANT.

Battle Stories of The Civil War.

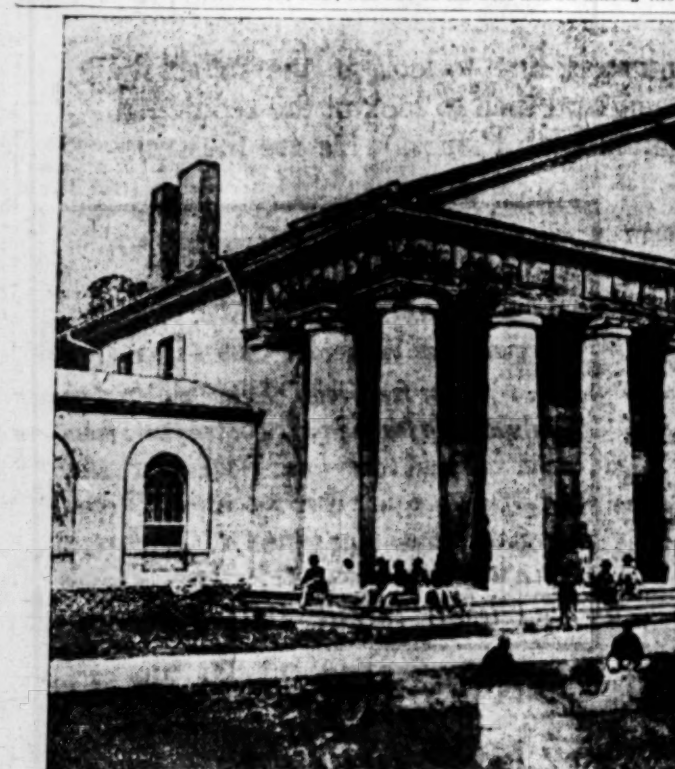

The War Day by Day Fifty Years Ago.

L.I.I.

May 24, 1861—A Federal Army Crossed the Potomac from Washington and Advanced Into Virginia—The Beginning of Field Operations in the War.

FIFTY years ago today an army of nearly 10,000 men moved out of Washington, crossed the Potomac, and occupied the Virginia heights opposite the Capital, and the venerable city of Alexandria, the "home town" of George Washington. This aggressive movement, marking the beginning of field operations in the war, was hastened by the imminence of the North for action, and

ing the bridges and spreading out over the Virginia hills, the expedition by water to Alexandria was progressing favorably. The troops to be moved by this means were a small detachment of the Seventy-first New York Regiment, and the New York Fire Zouaves (Eleventh New York.) Col. E. E. Ellsworth. This regiment, composed largely of New York firemen, was one of the best known among the

Union Soldiers at Arlington House, the Home of Gen. Robert E. Lee. In the advance of the Federal army into Virginia the Lee mansion was chosen as the headquarters of Maj. Gen. Charles W. Sandford of New York. A few days later Gen. Irvin McDowell camped in the grounds. (From a photograph by Brady.)

by the report that the Virginia forces under Gen. Robert E. Lee were preparing to erect forts on Arlington Heights, commanding Washington. The troops began to move in the middle of the night, orders being given to march at 2 o'clock. One column moved by the Long bridge, which linked the lower part of the city with the Virginia shore. Another crossed by the Aqueduct bridge, from Georgetown. One regiment and part of another were dispatched by water to Alexandria.

The march across the bridges was described as peculiarly impressive. The mellow radiance of a full moon flooded city and river, throwing into relief the unfinished Capitol and Washington monument, and making the shadows of the Virginia shore seem darker by contrast with the shimmering surface of the Potomac.

The troops marched silently, but their heavy regular tread could be heard a long way.

"Thousands of anxious men and women saw the gleaming of their bayonets and heard with the deepest emotion the sound of their measured footfalls, borne on the still night air," said an account of the period, "for it was the initial act of an opening campaign in civil warfare, the consequences of which no man could estimate."

Troops in the Advance.
The troops in the advance consisted in the main of three months' volunteers, who had responded to Lincoln's call of April 15, with militia and regulars.

At Georgetown, where Gen. Irvin McDowell was in command, a small body of local militia crossed first, driving a few Confederate pickets from the Virginia end of the bridge. These were followed by forty-eight pioneers of the Fourteenth New York, the Fifth Massachusetts, the Twenty-eighth New York from Brooklyn, the Fifth New York, a company of United States cavalry, a section of artillery, and the Sixty-ninth New York, a regiment of stalwart Irishmen under Col. F. M. Corcoran. Behind the troops went 250 laborers.

The column that crossed the Long bridge consisted principally of the National Rifles, Capt. Smead; a company of Zouaves from the Washington Light Infantry, under Capt. Powell; the Constitutional Guards of the District of Columbia, Capt. Digges; the New York Seventh Regiment, Col. Lafferty; the Second, Third and Fourth New Jersey regiments, under Brig. Gen. Theodore Runyon, and the Twelfth and Twenty-fifth New York under Maj. Gen. Charles W. Sandford, followed by the First Michigan, Col. Wilcox, a detachment of United States cavalry under Maj. Stoneham, and a section of artillery.

On reaching the Virginia shore some of the troops were halted, while others were sent forward by the roads to seize all points of vantage for either immediate defense or fortification.

Before 6 in the morning there was a cordon of troops along the irregular hills of the Virginia heights, extending at some places about four miles back from the river, and stretching from above Georgetown to Alexandria.

Pick and shovel work at once went down fifty yards ago today the first of the great chain of earthworks that were to prove a physical as well as a moral support to the capital during the war had begun to take shape.

The first fort to near completion was on the estate of Gen. Robert E. Lee. Here the heavily sixteenth New York was posted. Intrenching tools were familiar weapons in their hands, and they made rapid progress on the earthworks that were to prove the first completed fort in the chain around Washington. For their color, they named it Fort Corcoran.

Working on Alexandria.

While the two columns were crossing the bridges and spreading out over the Virginia hills, the expedition by water to Alexandria was progressing favorably. The troops to be moved by this means were a small detachment of the Seventy-first New York Regiment, and the New York Fire Zouaves (Eleventh New York.) Col. E. E. Ellsworth. This regiment, composed largely of New York firemen, was one of the best known among the

"The vivid costumes of the men—some being wrapped from head to foot in their great red blankets, but most of them clad in their gray trousers and jackets and embroidered caps; the peaks of the tents, regularly distributed, all glowing like huge lanterns, from the fires within them; the glittering rows of rifles and sabres; the woods and hills and the placid river, which here met in exquisite proportion, enfolding all—and all these suffused with the broad moonlight, were blended in such novel picturesqueness that no man among the throng could fail to be moved by it."

The embarkation was rapidly conducted, and was completed in two hours. The entire regiment, excepting the small guard necessarily left behind, nearly 1,000 men, were safely bestowed and on their way down the river by 4 o'clock, just as the dawn began to show through the hills and through the trees.

Occupation of the Town.
At Alexandria the steam war vessel, the *Passaic*, was found anchored off the town, to cover the landing. A demand had already been made by her commander on the Confederates in Alexandria—a force of about 100. It was believed—to surrender, and negotiations were in progress when Col. Ellsworth's command arrived.

Not being apprised of this fact, Col. Ellsworth at once landed his men and posted guards. The Confederate pickets retired as the Zouaves advanced, and a few shots were sent after them.

They withdrew rapidly to the railroad station, where a train was waiting, and on this they escaped toward Manassas Junction. A small detachment of cavalry, about thirty-five men, under Capt. Hall of Virginia, having been too long later surrendered to the First Michigan as it neared the town by land.

Aside from seizing the rolling stock at the railroad station, taking up a few rails to prevent use of the road and cutting the telegraph wires to the south, there was little for the Union men to do in Alexandria.

The city had been peacefully sleeping when they arrived, and hearing the few shots fired at the fleeing pickets, its inhabitants had come drowsily from their beds to see what was the matter.

They offered no resistance, though in many places there was bitterness at the sight of the invaders. This bitterness was to find expression in action in one instance, for before an hour of Union occupation had passed the dashing young colonel of the Zouaves was stretched in death by the hand of a citizen of Alexandria.

For tomorrow: The Tragic Death of Col. Ellsworth.

LAST SLEEP OF THE SOLDIER.

Many Sorrowing Friends Pay Tribute at the Bier of Col. Munson. Beautiful Floral Offerings.

Many sorrowing friends attended the services over the remains of Col. Gilbert Dwight Munson yesterday afternoon. The services were held at the residence, No. 2717 West Eighth street. The Episcopal ritual was used, without music. Capt. William F. Hubbard of the Southern California Association, "Companions of the Military Order of the Loyal Legion of the United States, officiating. A large number of Companions were present. Dr. Hubbard briefly retold the story of Col. Munson's career, beginning with the time when, as a law student in Zanesville, O., he enlisted in the Fifteenth Ohio Volunteer Infantry, and during the Civil War was promoted step by step until he reached the rank of colonel. He told of the part taken by Col. Munson in the grand review at the close of the war, and of his return to Zanesville to take up the practice of law. As a member of the legal profession he came to Los Angeles eleven years ago.

The floral offerings were magnificent. An immense harp of carnations and roses was the gift of the Los Angeles Bar Association. The Loyal Legion presented a wreath of ivy, and the offering of Henry A. Barclay, Col. Munson's law partner, was a heart of pink roses.

Relatives will leave today with the body for Zanesville, where interment will be made.

NATIONAL'S HEAD HERE.

President of Ohio Refining Company Sees No Prospect of Invading Local Field, But Has Eye Open.

J. I. Lamprecht, president of the National Refining Company of Cleveland, one of the strongest competitors of the Standard Oil Company in Ohio, is staying at the Alexandria. When approached regarding the placing of a refinery of the company in California territory, Lamprecht declared that such a thing at present would be impossible.

All of the refining oil is contracted for by the two or three strong companies in the field," he said, "and it would be a difficult matter to get oil to refine, in the first place. Secondly, we are not ready to come out here, and my present visit is merely on pleasure bent, and with an idea of keeping in touch with what is going on in this distant field."

He admitted that his company has been gradually coming westward and that it has reached the Oklahoma-Kansas fields where a large refinery is in operation by his company. In addition to the Cleveland plant, the National has several refineries through Ohio and Indiana.

THE AMALGAMATED COURTS.

The machinery of the reorganized justice court began to grind yesterday, when Justice Forbes took the position of presiding judge pro tem, during the illness of Justice Young.

Chief Clerk Bromley took up his duties in Justice Forbes' court. Until further arrangements are made, criminal actions will be filed with Justice Summerfield. All others are to be taken to Bromley, and they will be apportioned by Justice Forbes.

Justice Forbes is expected to return to his duties in a few days.

Our New Second Floor Proposition of Suits at \$15 & \$20

A Success From the Start

Last week Wood Bros. gave the Men of Los Angeles a practical demonstration of how much value it is possible to put into suits at \$15.00 and \$20.00 on a second floor, no-rent basis.

On every hand, customers enthusiastically remarked about the unusual character of the tailoring—the splendid fabrics and the noticeable superiority of the suits in every regard.

As a matter of fact—we could not offer such values at \$15.00 and \$20.00 ourselves if we had to pay rent for this second floor; as it is, however, we leased this entire building years ago when rents were cheap—and now—by sub-letting the upper floors—we secure our second floor rent gratis.

This rent saving enables and will continue to enable us to offer \$15.00 and \$20.00 suit values impossible to duplicate elsewhere.

See These Matchless Values This Week

For men who care to pay more than \$15.00 or \$20.00, we will show on our first floor suits at \$25.00 to \$40.00, which represent the best productions of the master tailors of this country—the sort of suits that have established the splendid Wood Bros.' reputation of today.

THE OIL INDUSTRY.

THE OIL INDUSTRY.

(Continued from Third Page)

the well at its best. They have found a light, valuable oil that has a paraffine base. Until the well is fully cleaned it will be impossible to judge its flow. From the material brought up it is evident that the well has been badly gummed, standing idle for so long a time with several hundred feet of water in it.

The situation sums itself up about as follows: Oil has been found on the desert; it is a light high grade valuable oil containing paraffine. At least one anticline is known with strong indications of the existence of at least two other parallel anticlines.

SECURES NEW LEASE.
CROWN OIL COMPANY.

The Crown Oil Company, which has taken over the lease of the Midway Prudential Petroleum Company, on section 30, 32-35, has a promising well on the property that is down 1217 feet. On Saturday heavy gas pressure was struck at 1145 feet, and the far sand with increasing gas pressure at 1144 feet. The Honolulu Consolidated, on 12 and 14, 32-34, did not get this sand until about 2000 feet. The Crown therefore expects to get the latter at about 3400 feet. 3400 feet is an indication it should bring in a 3500 barrel well at least, of 26 or 27 gravity, which is what the Honolulu has on both its developed holdings.

The present operating expenses of the Crown are being provided for by some of the officials of the company. A new company of wealthy and industrial men of Los Angeles, Pomona and Long Beach is to take over all its holdings. The capitalization will be \$1,000,000.

STRIKE ON LUCKY BOY.

Information from the field yesterday announced a strike of oil at 1200 feet on the Lucky Boy tract. This is of great importance to the owners of it, the Guaranty Oil Company. The well is located in the southwest corner of the 120-acre property, and marks the line of absolutely proven territory at a point much farther west than heretofore known. While it was confidently believed that all of the holding was good oil land, this strike makes it a certainty.

The Guaranty's superintendent of its Coalinga holdings also reports that deliveries of its production is proceeding regularly through the pipeline companies, and that everything in that field has an increasingly improved and healthy tone.

Gusher is Expected.

Interest in the Midway field is at present centered in the well of the Maricopa Northern. On Saturday the eight-inch casing was successfully landed at 1995 feet and work started on with the six-inch. Last night a depth of 2150 feet had been reached, an average of sixty feet a day with two towers. The gusher sands are expected within the next couple of days, and it is believed that the well will be better even than the best one of the adjoining Maricopa Queen, as the gas pressure is unusually strong.

Well to be Spudded in.

The officials of the Atlanta Oil Company, with a number of the stockholders, will leave Saturday for the property on Sulphur Mountain in order to witness the spudding in of the "Whale" well. The prospects for a high gravity production from the well are good. The nearby Pyramid has 11 and 13 the adjoining Puritan has passed the first sand and is getting heavy gas pressure from the second sand, along with a showing of the light oil similar to that from the nearby seeps.

Another Lost Hills Strike.

One of the latest reports is to the effect that oil has been struck by the Lindsay Oil Company at a depth of 1000 feet in the Lost Hills country. The strike is on section 7, 27-21, where the south Devil's Den district and the north Lost Hills region join.

News Notes and Personals.

John LaBlanc, the hale and hearty head of the LaBlanc Oil Company, operating in the Maricopa field, after a week spent on his property has returned to his home in Oakland.

H. A. Bennett, superintendent of the Western Minerals Company, who was called to Santa Barbara several days ago by the death of his sister, has returned to Maricopa.

Oille Cunningham, employed on the Monte Cristo lease in the Midway field, fell from the tubing board, a distance of sixty feet one day last week, and is not expected to survive.

C. Coldwell, Bruce Cornell, John C. Lynch and L. Doty of San Francisco, all interested in the Santa Rosa property in the Coalinga field, made a trip to the lease in an automobile one day last week. They were accompanied by Bert Fuller, superintendent of the property.

R. A. Leven of San Francisco, head of the oil department of the Balfour Guthrie Company, has been visiting the limited lease in the Coalinga field. W. R. Hoff, employed on the M. K. & T. lease in the Midway field, and Miss Jessie Baldwin were married in the oil camp one day last week. The decorations are described as being very beautiful.

HE SEEKS DAMAGES.

J. H. Urban, a contractor and builder, filed a complaint yesterday with the chief clerk of the Justice Courts, asking damages of \$299.99 from H. W. Conwell. Urban asserts that on April 29 Conwell's automobile struck his bicycle at Sixth street and Grand avenue, smashed it, and injured him so that he was for a time incapacitated to work. C. W. Stahl is Urban's attorney.

Reports Appreciation

Local Bank Has Clients Who Bank With It From As Far Away As New York City.

The feeling which depositors have for their bank is a pretty good standard by which to measure the efficiency of that bank's service. At least, that is how the directors of the Merchants' Bank and Trust Co. feels.

For within the past week eight depositors with this institution have gone East to remain for a year or more. And in no instance was their account transferred from 207-9-11 South Broadway. These patrons will transact all their business through the big Los Angeles bank. It is appreciation of the institution's warm, personal, helpful service that has made these depositors unwilling to change their accounts to Eastern banks.

Our Guarantee

The warranty and indorsement of Eilers Music House is unequivocally back of every instrument in this Trustee Sale of the Brown & Co. piano stock. It is a far-reaching guarantee, which covers every piano sold, and which warrants it fully against any and every defect of material and workmanship. Ask any banker or commit Dun or Bradstreet about the responsibility and standing of Eilers Music House.

How Much Will You Give for a Good High-Grade Piano?

\$87,000 worth of the highest grade pianos that the best manufacturers can produce have been sent by the trustees of the Brown Company to Eilers Music House at 244 South Broadway. They are sent here to be sold, to be turned into cash or interest-bearing paper, no matter what the sacrifice and regardless of the loss involved. Never have prices been cut and slashed to such an extent as now. Remember this—we reserve nothing. Our orders are to sell, and sell we will. We received no restrictions regarding the prices to be asked. But we were told to act quickly and decisively. And we have done it.

Hundreds of the most beautiful pianos are now marked at a third or half less than their actual wholesale prices and will go for less than it cost the manufacturers to produce them.

We will accept any offer you may make, within the bounds of reason, on any piano in the store.

Never has there been such a sensational sale as this. Brand-new instruments, twenty of them, worth \$450, \$500 and \$600, grouped on the floors and reduced \$137. Superb Deckers, Steinways, Chickering, Webbs, Hazeltins, Schuberts, Shumanns, Knabes, Krakauers, for prices that will make piano-pricing history.

Almost any amount, no matter how small, will now buy a splendid piano.

Los Angeles, 19; Sacramento, 5.
They may not allow slugging con-
tacts in the city for ten rounds, but
they had one for nine yesterday out
at the ball grounds in the debut of
the Sacramento team and if some of
the Senator hitters are not satisfied
with the new ball it is the bunch of
six that was not in the game yester-
day.

The Angels lost no time in salting
into Nourse, who was the first victim
and they lammed him for four runs
and six hits in the first two inn-
ings. Then Baum took a chance and
they hammered the life out of him
near the fall end of the game, while
what the Senators did to Thorsen in
the first inning would certainly make
Hen Berry take two trains back East
instead of one, if two would get him
there any faster.

It was a continuous bombardment
for the first fifteen minutes and dur-
ing that time the fans must have had
their fill of swats as the first two
innings there were a home run, a
triple, double, nine singles and nine
runs.

Nourse tried pitching in the first
round and was hit for two singles and
a triple. Soon after he opened the
second the Angels got a pair of dou-
bles and a single in a row and Nourse
took the count. Baum being put in
his place. Spide stopped the slaugh-
ter for a time but in the sixth they
opened on him for five runs and the
game ended right there.

Although the Senators lost they
showed they make up a pretty nice
ball team, for they played a fine
fielding game and handled all of the
chances in first-class style. What's
more they have a lot of ginger and
waste little time in posing. This
forced the Angels to get busy and
thus the fans saw a fast and snappy
contest, notwithstanding the many
hits made.

TWO GOOD FEATURES.
The two fine features of the day
were Lewis's home run over first base
inside the grounds in the first inning
and Moore's classy steal to the plate
from third base while Danzig was
making an out at first base in the
sixth.

Some of the Senators said Thorsen
didn't have a thing and they really
thought so in the first inning when
they made all kinds of easy runs.
Shinn got a pass and stole second
and a moment later O'Rourke bunted
a sacrifice to Thorsen who tried to
catch Shinn at first but failed. Van
Buren and Danzig followed with sin-
gle slams to center on which Shinn
and Van Buren scored and then with
Danzig on second from the throw in
of the ball, Lewis banged the ball
over first base into the right corner
of the lot for a home run, scoring
Danzig ahead of him.

In the second inning made the final
run for the Senators on his own sin-
gle, Nourse's sacrifice and Shinn's hit
to left. But three men got to sec-
ond base after that, two on doubles
and one on a single and steal.

That four men got to second base
got in the first looked as big as a house
to the Angels, but they started in to
tear Nourse's stand off without loss of
time. With two out Bernard and
Daley hit to left and then Howard
tripped to right center, scoring the
two runners.

Dillon grounded to Danzig when the
second opened, but Abbott walked,
ran to third on Thorsen's hard dou-
ble to the left center fence and both
men scored on Akim's slashing single
to right. This pouch was enough
for Nourse and he quit in favor of
Baum.

Spide stopped the runs until the
fifth, when Akim and Moore singled,
advanced on a sacrifice and Akim
scored on a wild pitch.

In the sixth Dillon walked and stole
but was caught at third on Abbott's
grounder to O'Rourke. Thorsen fol-
lowed with a single and Akim slashed
one to right, scoring Abbott. Moore
beat out a hunt to third base and
with the bases full, Baum walked
Bernard, forcing in Thorsen. Daley's
out at first scored Akim and while
Danzig momentarily hold the ball,
Moore dashed past third and stole to
the plate, sliding under La Longe.
These were all the runs the Angels
scored.

JOE RIVERS TO MARRY
MISS VIRGINIA KROUSE.

SAN FRANCISCO, May 23.—[Exclusive Dispatch.] Joe Rivers, the
Los Angeles featherweight, who boxed a four-round draw last week
with George Kirkwood, is to be married shortly after his return to
the South. This announcement was made tonight by his manager, Joe
Levy, who said the name of the maiden who has won the heart of the
scraper is Miss Virginia Krouse, a resident of Los Angeles.

Levy, together with Rivers and Danny Webster, who boxes in Oak-
land Thursday night, will leave here that night for Los Angeles and
the wedding ceremony is planned for the immediate future.

"Yes, Joe is to be married," said Levy. "Miss Krouse has been a
resident of Los Angeles for four or five years. It was down there that
Joe first met her. Since we came to San Francisco the young lady has
been visiting friends in Berkeley, where she lived for a year. The
wedding will take place after our return."

GIRL SHINES IN TRACK
MEET, THEN COLLAPSES.

[BY DIRECT WIRE TO THE TIMES.]

S ALEX (Or.) May 23.—[Exclu-
sive Dispatch.] Over-exertion in
a track meet between girls of the
senior class of the local high school
and three other classes of the insti-
tution caused the collapse of Miss
Mae Welch this morning. She is now
in a hospital in a serious condition.
The girls began their track meet
at 4 o'clock this morning. Miss Welch
proved one of the stars, winning both
the mile run and the hammer throw
for the sophomores. It was while
running the quarter-mile, following
these events, that she fell exhausted
and was rushed to the hospital, where
it is reported tonight she is recover-
ing.

Genevieve Fraser did remarkable
work in taking the fifty and 100-yard
dashes, high jump, broad jump and
discus throw, causing the seniors to
lead 33 to 26, when Miss Welch's
collapse ended the meet.

The contest was the first ever held
here in which girls competed. The
school authorities were reluctant to
permit the holding of the meet and
only consented after it was under-
stood that no contestant should com-
pete in more than one event.

The meet was held early in the
morning for two reasons: To outwit
the boys of the school, who asserted
that they would attend the meet on
mase despite the order of the faculty,
for some of the star per-
formers had no intention of confin-
ing their efforts only to one event.

Mr. Wad Had Been Over to the Burbank to See "The Arab"—Hence the Arabian Nightmare.

WHERE WE GET OFF.

BY J. ALEC SLOAN.

Wolfgang has a world of confidence in himself and so have his trainers and sparring partners. They believe he has just as hard a punch as Volgaist and that he has a better defense. They admit that he is lacking in experience but they claim this is offset by his natural fighting ability. Burns looks in magnificent condition and if he doesn't overdo matters between now and Saturday he will climb into the ring in top form. He is so fine now, however, that too much worry over the bout or a little too much work any day would result in much damage. The old saying that "it is better to be undertrained than overtrained" is one that Burns should have in front of him every second of the time from now on until the fight. Volgaist realizes Burns' strength and more than his friends do and this probably explains the energy he is putting into his training. And he expects to have to work for a victory as hard as he ever did.

When Jimmy Coffroth signed up Wolfgang and Burns he thought he had a bellringer. Burns had won over "Rome-Rome" Logan, and had made good in all of his fights. Wolfgang looked to be the next thing for him to tackle. But when Wolfgang hadn't whipped the men who have lost to him in the last two months and he wasn't as formidable looking as he is today, Now the public is not inclined to look upon the coming battle as anything but another walkway for the champion and there will be no such crowd attend the show that witnessed the Wolfgang-Nelson fight or any other of the big championship bouts held in Frisco.

Moran, who will be the next opponent of Wolfgang, has left New York and will come straight to the Coast to witness the Moran fight. Moran is anxious to see the champion in action under heavy fire, before he starts to prepare for him. Moran will be accompanied to the Coast by Charlie Harvey, his manager, and after witnessing the fight the two will seek a secluded fishing place in the mountains to lay the foundation for the hard training which will follow.

Tom Jones and Wolfgang will also retire to the mountains for a few days after the battle with Burns. Jones, who has been in the ring for a long time, will be in the ring for a few days after the battle with Burns. Jones, who has been in the ring for a long time, will be in the ring for a few days after the battle with Burns.

Monday Wolfgang took things easy in his camp and worked only on the weights and bags and did a little shadow boxing. He says that he will take things easier from now on until the end of the week. Ad is down to 131 pounds while Burns shaved himself to be in the two pounds over when he stepped onto the scales yesterday. The latter will do his last hard work Thursday, when he will scale in at 122 according to his manager.

Good Business. This alleged squabble between the yacht clubs of the North and South has about as much sense in it as a fight between the local colleges. If the two local yacht teams will stop and think a moment, their officers will realize that when one buys two kegs of beer instead of one, there is always a reduction given. This will be observed that it is cheaper to have a gentlemen's agreement or a sort of trust than it is to fight each other. It is also more economical to have one social session than two.

GOOD ROADS CONGRESS MEETS AT BIRMINGHAM. [ASSOCIATED PRESS NIGHT REPORT.] BIRMINGHAM (Ala.) May 23.—The Fourth National Good Roads Congress began its session today with nearly four thousand accredited delegates from all parts of the country in attendance. Arthur C. Jackson of Chicago, president of the National Good Roads Association, presided.

Addresses were delivered by Gov. O'Neal, Mayor Culpepper Odum and others interested in the good-roads movement.

At this afternoon's meeting speeches were given by commissioners of agriculture from Alabama, Arkansas, South Carolina and Mississippi. Mr. Richards of the Southern Railway will read a paper on "The Effects of Good Roads on Immigration."

BIGGEST TROUT ON RECORD IS LANDED.

The biggest steelhead trout that was ever yanked out of a Southern California stream was landed by J. W. Roppy, Jr., of Ventura, while fishing in the Ventura River Sunday. The fish measured thirty-six inches in length, and weighed fourteen pounds. It is on display at Dyes-Cline's, and any doubting Thomas may satisfy himself that the story is not a fish yarn.

Roppy had a hard battle with the trout. Nearly an hour elapsed after making the strike before the big fellow was mastered. Roppy was armed with a five and a half-ounce rod nine feet long, and it was only by skillful maneuvering that he succeeded in finishing the fight without smashing his apparatus. The catch was made near the bridge at Ventura.

Last year a twenty-eight-inch steelhead trout was caught in the Ventura River. That was several inches longer than any previous catch and was generally regarded as about the limit. The monster that Roppy dragged in is to hold the record for a long time.

MANY ENTRIES FOR AMERICAN REGATTA.

Norman W. Church, Coast representative for the Stoddard-Dayton, is to leave Thursday morning for San Francisco, where he goes to look over the agency in the Bay City and to attend to several other matters of important business. There is more doing just now in Stoddard circles than there has been for years past. Of course, Church is proud to be the top-notch as a factory man, and he will close the season at the head of the list.

Bert Dingley, Sydney Smith and Frank Young will leave this morning for Indianapolis, where they will view the big automobile race. They have reservations that will take them to Chicago, where they will remain over Sunday and on Monday morning will drop down to the scene of the motor battle, where things will be doing for a few hours Memorial Day.

That Bakersfield race is to be the real thing, judging from the interest taken by the automobile dealers. Two National cars will start in the long grind and a Staver-Chicago will be one of the entries. There is a possibility that the entry list will be one of the largest ever secured for a road race in the West.

Volney R. Beardsley is so busy these days talking to his outside agents that he could not stop counting his list of sales long enough yesterday to talk to an old friend. The Warren-De-Annapolis will send crews. New York, Cambridge and Boston boat clubs will compete.
